

Monolithic Travertine Architecture

LARGE-FORMAT TRAVERTINE VENEER PANELS

PRODUCT COLLECTION

Finish decorative material installed over an already **Code-Compliant** wall system

PINNACLE OF MODERN ARCHITECTURE

Product Features

Delivers the refined appearance of natural travertine in a lightweight, high-performance architectural panel.

Freeze-Thaw Durability
Class A Fire Resistant
Tensile Bond Strength

Constituent Materials: Made with natural Stone Powder and Acrylic Emulsion

Retains the authentic texture and robustness of Natural Stone surface. UV protection and minimal maintenance required.

Versatility & Customized Designs - From Modern to Classic Designs

Durability & Longevity - Resistant to harsh weather conditions, stains, cracks and fading.

Easy Installation – Follows the same familiar installation steps as wall tile

Combines affordability with quick, hassle-free installation for time-sensitive projects

Sustainability: Low carbon footprint and Low to no VOC 's emissions

25- Year Limited Warranty

What is Travertine Stone Veneer?

Travertine Stone Veneer is an engineered architectural surfacing material designed to replicate the timeless beauty and texture of natural travertine. Manufactured as a lightweight, large-format panel, it delivers the authentic appearance of solid stone while significantly reducing weight, installation complexity, and overall project costs. The result is a premium architectural finish suitable for both interior and exterior applications.

How is Manufactured Stone Veneer made?

Made from Natural Stone Powder , & Iron Oxide for coloring pigmentation. (NO CEMENTITIOUS MATERIALS)

What are the common uses?

- Exterior facades or accents on buildings
- Fireplace surrounds
- Interior feature walls
- Outdoor kitchens or retaining walls
- Hotel outdoor lounges

What are the dimensions of each panel?

Panel is **47"W x 94"L (31 sq ft)**, Thickness $\frac{1}{8}$, and weights **40lb**

Will each panel have the same pattern variations?

No. Each panel features Natural-looking pattern variation

Is the color intend to fade over time?

The inorganic mineral-based coloration is designed for long-term color stability. As with exterior architectural finishes, slight color variation may naturally occur over time depending on UV exposure, climate, and environmental conditions.

Will Stone Veneer require periodic maintenance?

Stone veneer is designed for easy, low maintenance. Periodic cleaning is recommended to remove dirt and environmental buildup. Depending on climate, exposure, and installation conditions, reapplication of a compatible protective sealer may be recommended approximately every 5-7 years.

PRODUCT SPECS

- **Panel Dimensions:** 47" W x 94"L
- **Thickness:** 1/8"
- **Weight:** 40 lb per panel
- **Joint Size:** 1/8" architectural joint recommended
- **Installation Orientation:** Vertical or Horizontal
- **Installation Method:** High-Performance polymer-modified, non-sag setting mortar (just like installing tiles)
- **Fire Rating:** ASTM **Class A** Fire Rated

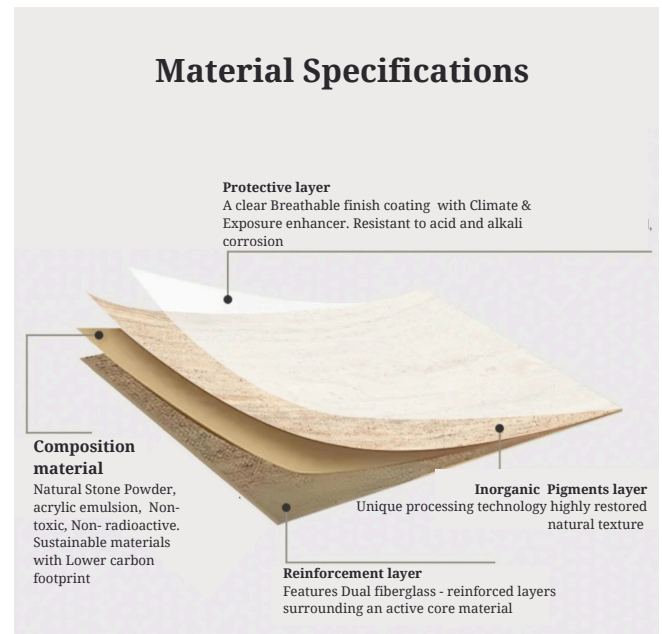

System Classification: **Non-structural** decorative veneer panel system

The panels are installed over **code-approved** wall assemblies using polymer-modified thinset mortar

INSTALL INFO:

- **Application Substrate:**
Plywood
Drywall (interior applications only)
Cement board
Concrete
Metal substrates
Exterior sheathing systems
- **Adhered Installation:** High-Performance polymer-modified, non-sag setting mortar.
- **Cut Tools:** Long Cut Snip, Circular Saw, Track Saw, Laser Cut
- **Seam Options:** 1/8" Flexible sealant joints
- **Corner Joint Options:** Butt grouted corners joint .

About Us

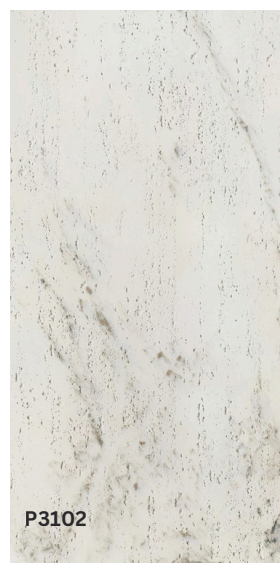

A COMMITMENT TO INNOVATION AND SUSTAINABILITY

EliteAzure manufactures large-format **Travertine** Thin Stone Veneer Panels engineered for architects and designers who demand premium aesthetics with greater installation efficiency.

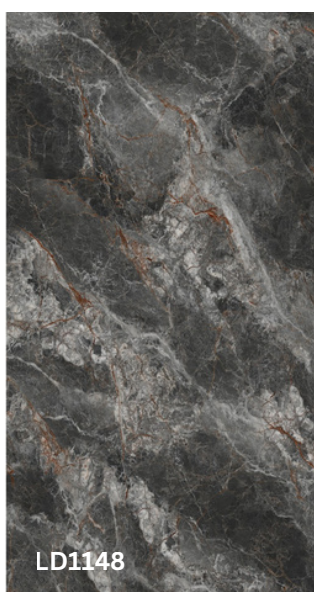

Our 47" × 94" panels create seamless, monolithic wall surfaces with minimal joints, delivering the timeless beauty of natural travertine while **reducing installation time, labor, and structural load.**
